THANKS TO YOU...

Maria was trying to get back on her feet after leaving an abusive relationship. As a single mom to two 5-year-old boys, her resources were limited — but she knew she needed a safe place to live, a stable job, and care for her children. Thanks to your generous support through the United Way of York County Impact Fund, Maria was able to connect with supports to meet all three of her goals. Financial assistance enabled her to enroll her sons in a high-quality early learning program, where both boys are gaining critical social and emotional skills to process their trauma and prepare to enter kindergarten in the fall. Without this support, Maria could not have afforded to send her children to a safe and nurturing place while she accessed the victims’ services she needed and sought stable employment to support her family moving forward.
