

YOU CREATE CHANGE.

A few dollars from each paycheck may not feel like much. Yet, together our community can help local households stay employed, care for their children, and build more stable futures.

\$6/per pay

Keeps someone moving forward.

You can help workers get to work, interviews, medical appointments, and other essential destinations when transportation becomes a barrier.

\$12/per pay

Turns stress into stability.

You can fund free financial workshops that help households gain tools to manage money, build savings, and prepare for unexpected expenses.

\$25/per pay

Puts hard earned money back into the budget.

You can support free tax preparation (VITA) so households can claim the refunds and credits they have earned.

\$50/per pay

Helps a parent stay in the workforce.

You can contribute to early childhood education scholarships so parents can work, pursue opportunities, and provide for their families with confidence.

Everyone deserves the chance to work, care for their households, and move forward with dignity.
Your gift helps make that possible.

GIVE BACK. GET INVOLVED. TAKE ACTION.
